Subject: Immediate Director request!
Attachments: Holly By the Sea.pdf; Order on Motion for Rehearing.pdf

Sharon, David,

The board currently exist as David Walker Director/President (until revitalization and election of replacement)
Rob Tobey Director/Secretary - Having not been named on recall.
And one of you two - as there is only one open Director position Due to the recall of Kevin Mack.
Please read the attachments on the ruling from the DBPR regarding their decision.
It's the legal way!

We need the meeting announcement removed from the bulletin board and the Order on Motion for Rehearing placed adjacent to the Final Summary Order - today.
If you would like me to come over and pick up the key please contact me directly and I will come right over.

We would like to have a meeting as early as possible between the four of us to discuss the path forward.
We will arrange a time convenient to all - let us know your availability.

Please bring a list of actions already taken with the proper Directors being notified.
Please bring the Key to the Pool Cabana Closet as well.

The Proposed meeting is cancelled as it was called without a quorum of the board.
The road signs have been removed and the notice in the bulletin board of that meeting needs to also be removed today please.
The meeting was called and planed without the proper Directors being involved.
The current agenda is scraped and we can convene a community meeting in the near future to discuss the importance of the revitalization.
Larry needs to be advised that his website needs to be taken down as well, as it was activated without proper board approval.
If we are required to issue another cease and desist order - it will be done.

Please respond at your earliest convenience.

Thank you for your attention to these matters,

Rob Tobey
The Forest at Ridgewood Lakes HOA - Secretary
